Your skin does not have the same age as you. The radiance, beauty and aspect of your skin does not necessarily reflect your real age because of external conditions and poor lifestyle habits that increase the appearance of the visible signs of cutaneous ageing. This is why the Sothys new anti-ageing programme was born : an exclusive concept relying on a professional diagnosis made by Sothys beauty therapists to determine the real age of the customer's skin (or grade of ageing), to offer an efficient, complete and totally customized anti-ageing solution.

With time the functioning of melanocyte-cells that are at the source of skin pigmentation can often mal-function. Only specific treatments can prevent and correct the appearance of pigmentation spots to get a uniform and translucent complexion. The [W.]™ Lightening Line is a complete programme for a double action: global lightening effect and dark spot corrector. Formulated around the [W.] complex of white tea, camomile and agarum, a powerful cocktail of lightening actives, it makes the complexion uniform, translucent and radiant.

## CORRECT → LIGHTENING LINE [W.]™

### DARK SPOTS AND COMPLEXION LIGHTENING

## HOME CARE PROGRAMME

### 3-STEP REGENERATION

#### 1. CLEANSERS

##### DETOXIFYING ACTIVE CLEANSER

The daily cleansing care to favour the elimination of impurities and prepare the skin for shaving.

##### EXFOLIATING SCRUB

A desincrusting care to clean the pores and eliminate roughness. Its exfoliating micro-grains polish the surface of the epidermis. The skin is clear, revived like new. Shaving is facilitated.

##### REVITALISING HAIR AND BODY CARE

A 2 in 1 formula, that is quick and simple to use. Softly cleanses the skin and the hair.

#### 2. ACTIVE CARES

##### HYDRATING ACTIVE CARE

A light and non-oily fluid that provides the skin with the hydration it requires to regain or maintain comfort and suppleness.

→ Proven efficiency

#### AGE-DEFYING ACTIVE CARE

This protective anti-ageing care reduces lines and wrinkles. It contains micro-encapsulated retinol to prevent the appearance of new wrinkles. Can be applied directly after shaving.

→ Proven efficiency

#### 3. TARGETED CARES

##### DE-STRESSING EYE CARE

This refreshing fluid is a complete care with a triple anti-wrinkle, anti-dark circles, anti-puffiness action. Smooths the eye contour, gives radiance and tonus. Fragrance and colour free, ophthalmologically tested.

##### MATIFYING T-ZONE FLUID

This light textured fluid is rapidly absorbed for an immediate and long-lasting anti-shine action on oily areas (T-zone: forehead, nose, chin).

→ Proven efficiency

##### SOOTHING AFTER-SHAVE BALM

An active care that immediately soothes and brings comfort and well-being to the skin. Contains wheat germ cephalines to aid skin reparation.

→ Proven efficiency

## NATURE, AN INSPIRATION FOR BEAUTY

"Let me make a confession : for many years I devoted all my energy to the development of Sothys "the signature of excellence in professional skin care" in Tokyo, New York or Singapore. However, my thoughts were never far from Auriac, with its rich, green garden deep in the heart of the Corrèze. It is a magical place, away from the madness of this century always gives me a sense of peace.

It is not easy to reach this place, far from everything and yet close to God, as would the elders say. Up in the incredible plateau of Xaintrie, on the edge of the Gorges de Dordogne and the Auvergne, one can feel the power of nature wholly preserved.

Thus, by a lake I created a Botanic arboretum "Les Jardins de Sothys™" which is an exceptional site full of discoveries and reveries open to all. But to go further, for those who want to feel all the incredible benefits of nature at home, I wanted to launch a new line of natural cosmetics : Beauty Garden® by Sothys."

Bernard Mas,  
Founder and Chairman  
of the Supervisory Board of Sothys.

FROM NATURE

## SYMBOL OF LIVING NATURE, LES JARDINS SOTHYS™ INSPIRE EVEN FURTHER RESEARCH

“Les Jardins Sothys™” have inspired a base of fundamental research, and implemented a partnership with the University of Limoges in order to study local flora for its potential use in Sothys cosmetics exclusively.

Research at Les Jardins Sothys™ has already unveiled the unique hydrating active **VMA™ (Vegetal Moisturizing Activator™)**

Featured in the products from the Beauty Garden® by Sothys line.

The skin is protected by an hydrating mantle that it is necessary to safeguard against environmental aggressors and premature ageing. VMA™ is at the heart of an active complex including three powerful hydrating components : extracts of cherry buds, angelica and hawthorn combined with vegetal glycerin to protect the skin and prevent dehydration.

### IN THE CABIN

#### New professional facial care

A care session starts with makeup removal (Makeup Removal Fluid + Floral Water), followed by Helianthus and Walnut Shells Exfoliant. This is followed by modeling with face and body modeling oil and then Peel-off Mask with rice. The session ends with the application of Helianthus and Rosemary facial care. 50 minutes of relaxation in cabins for a soft and radiant skin!

#### New professional body care

The session is flexible and involves:

- scrubbing alone: mixture of modeling oil and scrubbing powder with powdered apricot pits
- modeling alone with modeling oil
- or complete scrubbing + modeling care

#### Make-up removing fluid with cherry bud

This fluid and light emulsion smoothly cleanses the skin, leaving skin supple and clean with an exquisite feeling of freshness. Tested under ophthalmologic control.

#### Flower water with angelica and hawthorn

This soft and fresh lotion is ideal to balance the skin after the cleansing or mask phase. Tested under ophthalmologic control.

#### Face care with helianthus and rosemary

A gentle skin care cream with a texture that instantly melts into the skin. It provides softness and radiance to normal to combination skin and leaves the skin glowing with vitality. By protecting the skin, it helps to delay the onset of the first signs of ageing.

#### Helianthus and walnut shells exfoliant

Exfoliation with walnut shells to gently eliminate dead cells, refine skin grain and reveal the radiance of the complexion. A genuine care product combining gentle application and efficacy.

#### Nourishing body oil with helianthus

Pure organic helianthus oil enriched with anti-oxidizing vitamin E to bring intense softness and nutrition to the skin and prevent the ageing process. Its delicately perfumed “dry oil” texture is ideal to practice a modelling at home leaving the skin soft and satiny.

#### Body lotion with cherry bud and lavender

A fresh texture for a smooth and hydrated skin. This unctuous milk envelops the skin with a veil delicately scented with lavender oil.
